

**Revision Checklist – Paper 1 (Physical Geography)**  
**Section 2 Option B: Coastal Systems and Landscapes**

Topic		Notes	😊	😐	😞
<b>Systems and Processes in Coastal Landscapes</b>					
1.1	Sources of energy in coastal environments				
1.2	Sediment sources, cells and budgets				
1.3	Coastal processes				
<b>Coastal Landscape Development</b>					
2.1	Landscapes of coastal erosion				
2.2	Landscapes of coastal deposition				
2.3	Estuarine mudflats and saltmarshes				
2.4	Sea level change				
2.5	Coastlines of emergence and submergence				
<b>Coastal Management</b>					
3.1	Hard engineering				
3.2	Soft engineering				
3.3	Shoreline management				
3.4	Integrated coastal zone management (ICZM)				
<b>Case Studies</b>					
4.1	Case Study of a local coastal area in the UK				
4.2	Case Study of an international coastal area
